PREFACE

The Sentencing Advisory Commission is pleased to publish an updated User Guide that incorporates the statutory changes from the 2006 legislative session and revisions to the recommended sentences matrices based upon felony sentencing practice to June 2006. The opportunity has also been taken to improve the information provided on statutory restrictions in the Missouri Charge Code listing of the recommended sentences and to update the information on the Board of Probation and Parole's release guidelines, time served and the alternative sentencing programs.

In this new version of the User Guide if there are statutory sentencing restrictions that affect the recommended sentence the recommended sentence is adjusted to meet the minimum statutory requirement.

A guide on how to interpret statutory limitations is provided in Appendix E.

The offenses are classified by the Missouri system of charge codes that is maintained by the Office of the State Courts Administrator.

The information in this User Guide is available, in automated format, online at the Missouri Sentencing Advisory Commission's web site, www.mosac.mo.gov; click on "Automated Recommended Sentencing Information." The website also has up-to-date information on Missouri Alternative Sentencing Resources. This includes information on community-based sentencing alternatives as well as options available through the Department of Corrections.

THE SYSTEM OF RECOMMENDED SENTENCES

Judicial discretion is the cornerstone of sentencing in Missouri courts. We said that in the 2004 report, and its truth is borne out in our experience since implementation. The Sentencing Advisory Commission believes that sentencing in Missouri is at its best when the decision makers have accurate and timely information about the offender, the offenses and the options available for sentencing.

Section 558.019.6, RSMo required the Missouri Sentencing Advisory Commission to review and publish a system of recommended sentences on or before July 1, 2004 and again before July 1, 2005. The next report will then be published by July 1, 2007. The statute also directs the Commission to consider the feasibility of incorporating alternative sentences, prison work programs, work release, home-based incarceration and probation and parole options into the recommended sentences. The full text of Section 558.019.6, RSMo is included here as Appendix A, page 126.

The goal of these Sentencing Recommendations, which are consistent with Section 558.019.6, RSMo and the other statutes on sentencing, is to achieve a system of sentencing that is fair, protects the public and uses corrections resources wisely. One goal of the Sentencing Advisory Commission is to reduce sentencing disparity. However, achieving that goal has often proven to be elusive because disparities in sentencing often are the result of differences between offenders and in the circumstances of their crimes.

The Commission builds upon the work of the previous commission whose Advisory Sentencing Guidelines were promulgated in 1998. The Commission has examined data and studies of the use and deviations from those guidelines.¹

The Sentencing Recommendations are **averages, based upon current sentencing and corrections practices in the state as a whole.** They provide:

1. **Criminal history and risk assessment.** The recommendations use an indicator of prior criminal history to determine the recommended sentence and a modified version of the salient risk factors used by the Missouri Board of Probation and Parole to determine eligibility for release on parole. The risk factors have been validated by statistical studies of Missouri incarcerated offenders.

¹ The Commission decided to abandon the use of the phrase "sentencing guidelines" because the same phrase is used in the federal courts to describe a system that is entirely different from the sentencing system in Missouri courts. The Commission labels its work as Sentencing Recommendations because that is what they are. They are not compulsory. The Missouri Sentencing Advisory Commission does not support a federal style guidelines system. In fact, the federal system has been rendered voluntary by the U.S. Supreme Court decisions in *Blakely* (6/24/04) and *Booker* (1/12/05).

2. **Grouping of offenses.** The recommendations arrange the offenses in groups in the same manner as the offenses are categorized by statute and by the Board of Probation and Parole. The grouping reflects similarity in sentencing practice.
3. **Severity of offenses.** Within each group of offenses, the crimes are arranged in categories of severity from High to Medium to Low. Severity of offenses was determined by examining the actual sentences imposed for each crime in the recent five-year period. The intention of the severity level is to ensure that offenses within the same felony class and offense group can be given similar sentences.
4. **Aggravating and mitigating offense circumstances.** Aggravating and mitigating circumstances are specific to each offense group. They are concerned with issues of victim impact and with offender willingness to make restitution or to address rectification of criminally related behavior, such as substance abuse treatment.
5. **Sentencing recommendations.** These are based upon data on *sentences from throughout the state*. The data on sentences for the prior year are included for each category of offense. Recommended sentences are given for the presumptive situation and for mitigating and aggravating circumstances

Sentencing Assessments

Following a proposal by the Missouri Department of Corrections and the Board of Probation and Parole, the system of providing pre-sentence information to courts and attorneys will be modified as follows:

The probation and parole officer is to provide the attorneys and the court a Sentencing Assessment Report within a time frame approved by the judge. The Sentencing Assessment Report will contain basic information on the offender and the offense, as well as the impact on the victim, and will provide the court and counsel with:

1. A rating of prior criminal history and the risk of re-offending, by using the offender risk factors as set forth in these Sentencing Recommendations;
2. An analysis of non-prison sentencing alternatives (where appropriate);
3. A recommendation for sentencing in accordance with these Sentencing Recommendations;
4. The percentage of the sentence that must be served before the offender is eligible for a parole guideline release, and the percent of sentence that offenders with that sentence and risk rating actually served before parole.

The Commission thanks the Missouri Department of Corrections and the Board of Probation and Parole for their willingness to integrate these recommendations into their work.

The Commission is aware that, in many cases, the sentence is the result of a plea agreement. The information in the pages that follow will be useful in determining appropriate dispositions in plea-agreed cases. Counsel and courts should be aware that, although a plea agreement is done before entry of a plea and preparation of a Sentencing Assessment Report, a probation and parole officer or prison official would prepare a report in any event. This will help guide probation and parole officers in supervising those on probation or

other community-based sentences or prison officials who will be responsible for finding the proper placement for those sentenced to prison.

The Commission supports the use of drug courts and other diversionary programs like faith-based restorative justice projects for appropriate non-violent offenders. Drug courts have been found to be more effective and efficient than either incarceration or probation without a treatment component; in dealing with individuals whose criminal behavior is primarily the result of illegal drug abuse (*A Cost-Benefit Analysis of the St Louis City Adult Felony Drug Court*, Institute of Applied Research, 2004; *Multi-Jurisdictional Enhancement for Missouri Drug Courts*, University of Missouri-Columbia School of Social Work, 2001). Although not a focus of this study, as of July 2006, we note that there are 96 operational drug court programs in Missouri; 2,500 active drug court participants; 5,022 drug court graduates; a 60% retention rate for individuals in drug court; a 10% recidivism rate for individuals who have graduated from drug court; and 232 drug-free babies who have been born to drug court participants.

The Sentencing Recommendations modify the terminology of probation to reflect different kinds of sentences. "Probation", in its traditional usage, means anything from minimal supervision to intensive supervision, electronic monitoring, or various other alternatives. These recommendations use the following terms to describe these different kinds of non-prison sentences:

Probation: Supervision in the community with periodic contact with a probation officer.

Community Structured Sentence (CSS): This is a non-prison sentence that is served in the community under a plan of strict supervision. It may include home-based incarceration (electronic monitoring) or other strategies for community supervision and may also require the offender to attend substance abuse or other community rehabilitative programs.

Institutional Shock or Treatment Programs (Shk/Trt): These include a variety of options under the shock probation statute, Section 559.115, RSMo, or other institution-based programs, as listed in section 4, Recommended Sentence References.

The Commission hopes that judges and attorneys will find these recommendations and system changes to be useful. Comments and suggestions are welcome so that the Commission and the Department of Corrections can consider changes that seem desirable in light of experience in using these recommendations.

MISSOURI SENTENCING LAWS

The following references are made to statutes that define either the sentence disposition, the range within which an authorized sentence can be set or the incarceration time. The Revised Missouri Statutes are available online at <http://www.moga.mo.gov/statutesearch/>. Reference can also be made to the Missouri Board of Probation and Parole booklet on Procedures Governing the Granting of Paroles and Conditional Release, [http://www.doc.mo.gov/division/prob/pdf/Blue Book Revision April 2006.pdf](http://www.doc.mo.gov/division/prob/pdf/Blue_Book_Revision_April_2006.pdf).

Authorized dispositions for felony convictions include a term of imprisonment, a fine (if the offense is a Class C or D felony, Section 560.111, RSMo) and a period of probation. In addition, the execution of the sentence may be suspended and the person placed on probation or the imposition of the sentence may be suspended, with or without placing the person on probation (Section 557.011, RSMo).

The Missouri statutes have provisions for enhanced sentencing when an offender is deemed to be a prior and persistent recidivist, and for a minimum prison time when the offender is deemed to be a recidivist or has been convicted of a dangerous felony. Unless specifically excluded by statute, felony convictions can be sentenced to either probation or to a prison sentence (Section 559.012, RSMo). In Missouri, a probation term is often accompanied with a suspended prison sentence. When probation is revoked, the prison sentence can be imposed or the offender can be sentenced under the 120-day statutes.

Recidivists

The recommended sentence for an offender sentenced as a persistent offender (Section 558.016, RSMo) is the recommended sentence for the same offense group one felony class higher than the statutory defined felony class. The same offense group and level of severity applies. If the offense is Class A then the offense severity is increased by one level, unless the offense is High severity. The offense group DWI has recommended sentences for persistent offenders because there are no Class C DWI offenses upon which to calculate average sentences.

Attempt, Accessory or Conspiracy to Commit an Offense (inchoate)

Offenders convicted of the attempt or conspiracy are sentenced in accordance with Sections 564.011 and 564.016, RSMo. The sentencing recommendations include sentences at one felony class lower than the commitment of the offense for the same offense group and level of severity.

Sentencing Statutes

Section 558.011, RSMo. Authorized terms of imprisonment including conditional release:

Felony Class A	10 to 30 years or life
Felony Class B	5 to 15 years
Felony Class C	Not to exceed 7 years
Felony Class D	Not to exceed 4 years

The probation term for a felony conviction is from one to five years (Section 559.016, RSMo).

In cases of Class C and D felonies, the court shall have discretion to imprison for a special term not to exceed one year in the county jail or other authorized penal institution. If the court imposes a sentence of imprisonment for a term longer than one year upon a person convicted of a Class C or D felony, it shall commit the person to the custody of the Department of Corrections for a term of years not less than two years and not exceeding the maximum authorized term.

Section 558.016, RSMo. Extended Terms for Persistent Offenders (guilty of two or more felonies committed at different times) and dangerous offenders (guilty of a prior Class A or B felony and knowingly murdered or endangered the life or inflicted serious physical injury on another person):

- Class A felony: any sentence authorized for a Class A felony
- Class B felony: any sentence authorized for a Class A felony
- Class C felony: any sentence authorized for a Class B felony
- Class D felony: any sentence authorized for a Class C felony

Section 558.018, RSMo. Persistent Sexual Offender. A person guilty of forcible rape, statutory rape 1st degree, forcible sodomy, statutory sodomy 1st, or an attempt of any of the designated offenses shall be sentenced to life without probation or parole if the defendant has a prior finding of guilt for forcible rape, rape, statutory rape 1st degree, forcible sodomy, sodomy, or statutory sodomy 1st degree.

Section 558.018, RSMo. Predatory Sexual Offender. A person guilty of forcible rape, statutory rape 1st degree, forcible sodomy, statutory sodomy 1st or an attempt of any of the above designated offenses or child molestation 1st degree, Class B felony or sexual abuse, Class B and (1) who has a prior finding of guilt of one of the designated offenses or (2) has committed such an offense whether or not there was a conviction or (3) has committed the acts against multiple victims whether or not the defendant was charged is so designated. A predatory sex offender shall be sentenced for life with eligibility for parole. The sentence shall not be discharged. The minimum prison term, to be set by the courts, is 30 years, except when the defendant has previously pleaded guilty to child

molestation 1st or sexual abuse when the minimum prison term is 15 years. Defendants without a prior finding of guilt for the designated offenses shall serve any authorized sentence if the defendant had not been sentenced as a predatory sexual offender.

Section 558.019, RSMo. Minimum Prison Terms for persons with prior prison commitments by the Department of Corrections {excluding regimented discipline (Section 217.378, RSMo), 120-day programs (Section 559.115, RSMo) or the long-term drug program (Section 217.362, RSMo)} and serving a sentence other than in Chapter 195, RSMo (drug offenses) are:

- One prior commitment -- 40% of sentence (or until the age of 70 with 30% of the sentence served);
- Two prior commitments -- 50% of sentence (or until the age of 70 with 40% of the sentence served);
- Three or prior commitments -- 80% of sentence (or until the age of 70 with 40% of the sentence served);
- Guilty of a dangerous felony -- 85% of sentence.

In addition, there are enhanced sentences and minimum prison terms for persistent and predatory sexual offenders (Section 558.018 RSMo), prior and persistent domestic violence offenders (Section 565.063, RSMo) and prior and persistent drug offenders (Sections 195.285 to 195.296, RSMo).

Alternative Sentences

The expression “SHK/TRT” in the sentencing grids means any shock time, assessment or treatment, 120-day or long-term drug program as specified in statute (Sections 559.115, 217.362, 217.785, RSMo).

Eligibility for shock or treatment programs

Excluded are persons who have been convicted of murder in the second degree pursuant to Section 565.021 RSMo; forcible rape pursuant to Section 566.030, RSMo; forcible sodomy pursuant to Section 566.060, RSMo; statutory rape in the first degree pursuant to Section 566.032, RSMo; statutory sodomy in the first degree pursuant to Section 566.062, RSMo; child molestation in the first degree pursuant to Section 566.067, RSMo, when classified as a Class B felony; abuse of a child pursuant to Section 568.060, RSMo, when classified as a Class A felony; an offender who has been found to be a predatory sexual offender pursuant to Section 558.018, RSMo; or any offense in which there exists a statutory prohibition against either probation or parole.

If the recommended sentence is an institutional shock or treatment program and the offender is ineligible or the offender has already been placed in a similar program within the last three years, then the recommended sentence shall be either a longer or a more

intensive treatment program or a prison sentence. The recommended term sentence will normally be the minimum authorized sentence.

Time Limitations (Section 556.036, RSMo)

1. A prosecution for murder, forcible rape, attempted forcible rape, forcible sodomy, attempted forcible sodomy, or any class A felony may be commenced at any time. 2. Except as otherwise provided in this section, prosecutions for other felony offenses must be commenced within three years.

GLOSSARY OF TERMS

Community Structured Sentence (CSS).

A community structured sentence indicates a higher level of supervision than probation. The supervision can include a requirement to complete either a substance abuse or other rehabilitative program. The range and availability of community structured sentences are described in Community Structured Sentences, page 24.

Felony Class.

The felony class as defined in statute. For the purposes of the Recommended Sentences most unclassified felony offenses have been converted to a class (A to D) based upon an analysis of average sentencing from 1999 to 2006 (June). The exception is Armed Criminal Action. Offenses with an average prison sentence of 10 years or more are assigned Class A, average sentences from 8 to 9 years are assigned Class B, offenses with an average sentence from 5 to 7 years are assigned class C and sentences 4 years or less are assigned Class D. The offenses are included in the appropriate offense and felony class group.

Enhanced Sentences.

The recommended sentence for an offender sentenced as a persistent offender (Section 558.016, RSMo) is the recommended sentence for the same offense group one felony class higher than the statutory defined felony class. The same offense group and level of severity applies.

Inchoate Offenses.

Convictions of the attempt, accessory or conspiracy are made at one felony class lower than the commitment of the offenses (Chapter 564) for the same offense group and level of offense severity. The felony class is not reduced if the charged offense includes the attempt.

Mitigating, Presumptive and Aggravating.

An indicator of whether special circumstances were present either in the commission of the offense or in the defendant's arrest or during pre-sentencing.

Offense Group.

Five groups of offenses that have similar sentencing. The offenses are described in Appendix C, page 132.

Offense Severity.

The separation of offense groups into one of the three levels (high, medium, low) to reflect the severity of sentencing practice. Not all felony class and offense groups require three levels of offense severity (DWI is medium). The severity is a statistical calculation using measures of dispersion for two indicators: the average prison sentence and the percent of sentences that receive a prison sentence. If there is no available historical sentencing data the offense severity is set at medium.

Offender Risk.

A quantitative assessment of the risk of a person committing further crimes or violating the conditions of supervision. It is based upon a validated assessment of risk by the Board of Probation and Parole and includes both prior criminal history, and other behavioral and demographic factors. The risk score has five levels from Good, the lowest level of risk, to Poor, the highest level of risk.

Percent Prison Disposition.

This is the percent of convictions supervised by the Department of Corrections that received a prison sentence. Offenders who received probation or were sentenced under the 120-day or long-term drug statutes are not counted as prison sentences.

Prison Sentence.

This is the average sentence of those persons who received a prison sentence. It does not include the prison sentence when the prison sentence was suspended or when the offender was sentenced under Sections 559.115 or 217.262, RSMo. The minimum prison sentence in the Recommended Sentences is shown as two years to reflect the sentencing of offenders when committed to the Department of Corrections. Statute 558.011, RSMo section 2 requires offenders sentenced to more than one year to serve a sentence of at least two years with the Department of Corrections.

Prior Criminal History Level.

The assessment of prior criminal history includes felony and misdemeanor findings of guilt and jail sentences of 30 days or more for local ordinances. The assessment is described in detail in Appendix B, page 128.

Probation.

This designates supervision by the Department of Corrections while the offender is serving a term of probation. For the purposes of the recommended sentences, probation includes a pre-sentence drug court and suspended and executed probation sentences.

SHK/TRT.

This disposition requires a short prison stay under the 120-day or long-term drug statutes. If the offender is successful, the offender is released to probation under court jurisdiction. If the offender is ineligible for a shock or treatment program, then the recommended sentence is a prison term for the lowest sentence allowed for the felony class (Section 558.011, RSMo).

Recommended Prison Sentence.

This is the sentence in years. The minimum sentence for an offender sentenced to the DOC is two years. A recommended sentence of 30 years includes a life sentence if authorized by statute. The sentence does not include a sentence that may be authorized if the offender is sentenced as a persistent offender.

Expected Time Served.

The expected time that an offender sentenced to a prison term is shown for each offense. The expected time is based upon the assessment of the risk of re-offending that is computed using the Sentencing Advisory Commission's risk assessment. The assessment is being undertaken as part of Sentence Assessment Report prepared by probation and parole officers when the court requests a pre-sentence investigation.

Two statistics are shown: a parole board guideline percent and an actual percent of sentence served in FY06. Both statistics assume an equivalence between the Sentencing Advisory Commission's risk measure and the Board of Probation and Parole's salient factor risk measure. The Board's assessment includes additional institutional factors and the assessment is made prior to the parole hearing. See Appendix D for the details of the parole guidelines and the actual time served. Note that actual time served excludes time served by offenders with special sentencing conditions, such as a minimum mandatory prison term for offenders who have prior DOC incarcerations or who have been convicted of a dangerous felony and must serve at least 85% before release.

SENTENCING ASSESSMENT REPORT

The Sentencing Assessment Report is intended to provide the Court with information regarding risk and related factors necessary in the determination of an appropriate sentencing decision. The report incorporates Sentencing Commission standards in conjunction with an identification of the offender's risk level, based on the nature and severity of the offense, prior criminal history, and other relevant factors. Information is provided in the report to assist the Court in determining the impact of the offense on the victim. The report also provides information to the Court regarding available department programs and resources necessary to support the court's sentencing decision and effectively manage the offender's presenting risk level and factors. In addition, the report provides the Court with parole release eligibility based on the sentence structure and Parole Board salient factor guidelines. This report helps the Department of Corrections with assessment, supervision, and management of the offender.

The probation and parole officer compiles the information for the Sentencing Assessment Report via a guided interview with the offender and an investigative process. The format for the report consists of the Offender/Court Information; a Risk Assessment Summary (present offense information, criminal history, victim impact, and offender assets and liabilities assessment); the Offender Management Plan (community sentence strategy options, institutional program/service options, and re-entry/transitional planning considerations); and Conclusion (evaluation and recommendation based on Sentencing Commission standards, parole release eligibility and average time served for offenders with similar risk in the previous fiscal year).

The itemized offender risk score will also be listed.

The Sentencing Assessment Report (SAR) provides valuable information to the Court for its consideration in the sentence decision-making process, in terms of identifying key offender risk indicators, incorporating Sentence Commission standards, and outlining available department resources and strategies necessary to support the Court's sentencing decision.

Changes in Fiscal Year 2006

The content and positioning of the Officer's Recommendation is under review. The Board of Probation and Parole, with the Sentencing Commission, are considering how to incorporate the officer's risk assessment into the Offender Management Plan in order to improve the content of the Offender Management Plan.

The Board of Probation and Parole is working with outside consultants to include a sex offender assessment in the SAR. The assessment will use the STATIC 99 risk instrument. The Board expects to begin assessments in the first quarter of 2007. The scoring of the assessment and the revised sentencing matrix for sex offenders will be incorporated in the web version of the User Guide when finalized.

II. Risk Assessment Summary

A. Present Offense Information

Offense Summary: On 3-29-2005 at about 2:00 P.M. police observed a car being driven by Richard Kiley fail to make a complete stop at a stop sign. Kiley then sped off and stopped in a parking lot where police observed him exit the car and throw two plastic bags across the parking lot.

The bags were recovered and determined to contain crack cocaine. Kiley was arrested and a search of his car revealed another bag of crack cocaine underneath the driver's seat. Kiley was found to have numerous active warrants for his arrest. At the police station he stated that he had been returning from a drug run where the buyer failed to show up. While he was driving he observed police behind him, became nervous and tried to speed off to lose police. When he stopped and exited his car he saw police pull up, at which time he threw the two bags of crack cocaine. The three bags of crack cocaine weighed a total of 23.73 grams.

Offender's Version:

When interviewed by this writer concerning the present offense Kiley stated, "I was driving to my cousin's house and I saw two unmarked police cars. They got behind me and I parked on a parking lot and they searched my car and said they found another bag in there. The stuff in the parking lot was not mine. The stuff in the car, I guess it was mine, but I didn't know it was in there . . . But I pled guilty so I might as well say I was selling because I don't want to make it sound like I'm lying." Asked a question to determine if he had any remorse for his actions, Kiley stated, "I feel bad about it. I got two kids, I'm twenty-seven years old, I believe there's more to life than this."

04-10-1996	St. Louis City	Poss. C/S (F)	PG: Probation

Cause #XXX-XXXX: Police reports regarding this arrest reflect that police observed Kiley sell two pieces of crack cocaine to another man on a vacant lot. After being arrested, Kiley was found to have several more pieces of crack cocaine in his possession. He pled guilty to Possession of a Controlled Substance – Cocaine (F) on 02-19-1997 and was placed on a two year SIS probation. On 03-01-1999 that probation was continued for two years. Kiley completed the probation on 02-18-2001. While on this probation he incurred violations for a new arrest, failure to report, failure to complete community service, failure to maintain employment, failure to complete the Day Report program, and drug use.

In addition to the above conviction, Kiley has incurred arrests for the following offenses which were not prosecuted, dismissed, or whose dispositions could not be determined: Possession of Controlled Substance (F), Tampering 2nd (F), Possession of Marijuana (M), Tampering 2nd (M) Domestic Assault 3rd (M), Making False Declaration (M), Trespassing on Private Property (C), Minor in Possession of Intoxicants (C), Peace Disturbance (C), Possession of Controlled Substance (C), Gambling (C), and Street Demonstration (C). He has also been convicted of numerous traffic offenses, some of which resulted in brief jail sentences.

D. Offender Asset and Liability Assessment

Risk Assets: No prior prison incarcerations; 5 years conviction/incarceration free prior to assessment; no revocations of probation/parole; Present offense not recidivist related; No prior escapes;

Risk Liabilities: One prior finding of guilt; substance abuse history; high school dropout; unemployed and at time of commission of present offense.

Kiley dropped out of Sumner High School while in the ninth grade and has not since furthered his education, though he expressed an intention to attend GED classes. He is currently unemployed, having last worked several months ago on an occasional basis with a temporary service. He has a sketchy prior work history, saying his most significant job has been laying carpet with an uncle on and off since the age of nineteen. He has no significant physical or mental health history. He described himself as a casual drinker whose use of alcohol has never been problematic. Kiley related that the only illegal drug he has ever used is marijuana. He began smoking that drug at the age of eighteen. Kiley said he smoked that drug frequently for a couple of years until placed on probation. While on probation he tested positive for marijuana use in 1997 and 1999. He claimed he has not smoked marijuana in three or four years. He reported that he has never attended substance abuse treatment, though his probation records say he was referred to a substance abuse education class in 1999.

Other Assessment Factors: Kiley is one of two children to Sheila Kiley and Dan Howard. His parents did not marry and split up when he was a small child. Kiley said he has never really had a relationship with this father and has not had contact with him in about seven years. Kiley was raised primarily by his mother and an aunt. He reported a decent childhood and denied any juvenile legal history. He has never married but has been involved in a serious relationship for the past couple of years with Barbie Mitchell. They have discussed marrying in the future. They have a six-month-old daughter, Ali. Kiley also has another child, seven-year-old Richard, Jr. from a previous relationship with Becky Thatcher. That child lives with Thatcher and Kiley has weekend visits. He does not pay formal child support but claimed he helps financially with his son.

III. Offender Management Plan

Supervision Plan: The primary component of either an institutional or community placement is the need to reduce Kiley's risk level by addressing his association with drugs, his lack of education, and his lack of employment.

Home Offer: If placed on probation, Kiley will reside with his girlfriend at 8653 Fox Circle, Apt. A, Lemmings, MO 63111, Ph: xxx, Cell Ph: xxx. He will be supervised by District XX.

Employment Offer: To Be Obtained

Strategies/Community: Probation or Community Structured Sentencing. Special conditions may include: Shock jail time; Community Service; Post-plea Drug court or other substance abuse treatment; obtain GED; obtain employment.

Strategies/Institution: Shock Incarceration Program (SIP) or Institutional Treatment Center (ITC), both pursuant to RSMo 559.115. Kiley's projected in date for either program is 07-11-2006.

HOW TO FIND A RECOMMENDED SENTENCE USING THE MISSOURI CHARGE CODE

The following list of Missouri charge codes includes the codes for the felony offenses of offenders that have been received or supervised by the Missouri Department of Corrections since 1999 and all active charge codes for felony offenses, including codes created for new crimes and other statutory changes required by the 2006 legislative session. New codes are generally given medium offense severity until actual sentencing data can establish the severity.

Repealed offenses are listed for the sentencing of offenders who committed offenses in earlier years but which are within the statutory time limits for prosecution (Section 556.036,RSMo).

Attempts and Persistent Offenders

The list of Missouri codes includes the recommended sentence and expected time served for offenders found guilty of the commission of the offense. If the offender is guilty of the attempt of the offense or is being sentenced as a prior and persistent offender under Section 558.016, RSMo, then the recommended sentence is found by referring to the offense group matrix for the same offense severity and choosing one felony class lower for attempted or one felony class higher for persistent offenders. Note that the reduction of the felony class does not apply when the charged offense includes the attempt.

For an explanation of terms such as prior criminal history and expected time served reference should be made to the Glossary of Terms and to the Appendices.

The major categories of offenses are shown on page 36. The major category is defined by the first two digits of the Missouri Charge Code.

Unclassified Felonies

The recommended sentences are based upon the authorized sentences for felonies A through D. Offenses that are unclassified and have been placed in a felony class are indicated as U= followed by the calculated felony class, for example the felony class of offense Forcible Rape, charge code 11008, is described as U=A. The recommended sentences felony classification is explained in the Glossary of Terms, Felony Class.

EXAMPLES

Stealing

An offender (male) is found guilty of stealing from \$500 to \$25,000. Missouri charge code 15021, Non-violent, Class C, low severity. The chart indicates a range of sentencing from Probation for Level I criminal history to 3 years prison for Level V, (page 49). If the risk assessment was GOOD and the offender was sentenced to prison then the parole guideline term would be 15% and the actual percent of sentence served in FY06 for offenders with a GOOD risk was 29%. If the risk assessment was POOR then the parole guidelines are 50% and the actual time served in FY06 was 65%.

If the offender was guilty of the attempt then the Felony Class is D for a non-violent and low severity offense and the recommended sentence from Probation for Level I to 2 years prison for Level V (Recommended Sentence Matrices, page 18). The expected time served would be unchanged from the commission of the offense because the offense remains in the same felony class group (C&D).

If the offender is sentenced as a persistent offender then the Felony Class is B for a non-violent and low severity offense and the recommended sentence is from Community Structured Sentence (CSS) for Level II to 8 years prison for Level V (Recommended Sentence Matrices, page 18). Note that a persistent offender cannot be placed in Criminal History Level I (no felony findings of guilt). The expected time served statistics for a GOOD risk are: parole guidelines 32% and the actual time served 40%. For a POOR risk the statistics are: parole guidelines 52% and time served 65% (page 141).

Robbery 1st degree

The Missouri charge code is 12010, Felony Class A, violent, medium severity. The recommended sentence range is from 10 years (Level I) to 25 years (Level V), page 42. Because Robbery 1st degree is a dangerous felony the offender cannot be released until 85% of the sentence is served.

DWI chronic offender

The Missouri code is 47417, Class B, DWI, medium severity. The recommended sentence range is from 5 to 8 years, page 112. The offense is for offenders with four prior DWI convictions and the statute requires a minimum prison time of two years before release to probation or parole. Subject to the minimum statutory no parole restrictions the parole guidelines are from 30% to 55%. Note that a chronic DWI offender cannot be placed in a criminal history level lower than II (No more than two felony findings of guilt and no prior incarceration. An offender found guilty of being a chronic DWI offender may additionally be sentenced as a persistent offender under Section 558.016, RSMo.

6. (1) A sentencing advisory commission is hereby created to consist of eleven members. One member shall be appointed by the speaker of the house. One member shall be appointed by the president pro tem of the senate. One member shall be the director of the department of corrections. Six members shall be appointed by and serve at the pleasure of the governor from among the following: the public defender commission; private citizens; a private member of the Missouri Bar; the board of probation and parole; and a prosecutor. Two members shall be appointed by the supreme court, one from a metropolitan area and one from a rural area. All members shall be appointed to a four-year term. All members of the sentencing commission appointed prior to August 28, 1994, shall continue to serve on the sentencing advisory commission at the pleasure of the governor.

(2) The commission shall study sentencing practices in the circuit courts throughout the state for the purpose of determining whether and to what extent disparities exist among the various circuit courts with respect to the length of sentences imposed and the use of probation for offenders convicted of the same or similar crimes and with similar criminal histories. The commission shall also study and examine whether and to what extent sentencing disparity among economic and social classes exists in relation to the sentence of death and if so, the reasons therefor sentences are comparable to other states, if the length of the sentence is appropriate, and the rate of rehabilitation based on sentence. It shall compile statistics, examine cases, draw conclusions, and perform other duties relevant to the research and investigation of disparities in death penalty sentencing among economic and social classes.

(3) The commission shall establish a system of recommended sentences, within the statutory minimum and maximum sentences provided by law for each felony committed under the laws of this state. This system of recommended sentences shall be distributed to all sentencing courts within the state of Missouri. The recommended sentence for each crime shall take into account, but not be limited to, the following factors:

- (a) The nature and severity of each offense;
- (b) The record of prior offenses by the offender;
- (c) The data gathered by the commission showing the duration and nature of sentences imposed for each crime; and
- (d) The resources of the department of corrections and other authorities to carry out the punishments that are imposed.

(4) The commission shall study alternative sentences, prison work programs, work release, home-based incarceration, probation and parole options, and any other programs and report the feasibility of these options in Missouri.

- (5) The commission shall publish and distribute its recommendations on or before July 1, 2004. The commission shall study the implementation and use of the recommendations until July 1, 2005, and return a report to the governor, the Speaker of the House of Representatives, and the President Pro Tem of the Senate. Following the July 1, 2005, report, the commission shall revise the recommended sentences every two years.
- (6) The governor shall select a chairperson who shall call meetings of the commission as required or permitted pursuant to the purpose of the sentencing commission.
- (7) The members of the commission shall not receive compensation for their duties on the commission, but shall be reimbursed for actual and necessary expenses incurred in the performance of these duties and for which they are not reimbursed by reason of their other paid positions.
- (8) The circuit and associate circuit courts of this state, the office of the state courts administrator, the department of public safety, and the department of corrections shall cooperate with the commission by providing information or access to information needed by the commission. The office of the state courts administrator will provide needed staffing resources.
7. Courts shall retain discretion to lower or exceed the sentence recommended by the commission as otherwise allowable by law, and to order restorative justice methods, when applicable.
8. If the imposition or execution of a sentence is suspended, the court may order any or all of the following restorative justice methods, or any other method that the court finds just or appropriate:
- (1) Restitution to any victim for costs incurred as a result of the offender's actions;
 - (2) Offender treatment programs;
 - (3) Mandatory community service;
 - (4) Work release programs in local facilities; and
 - (5) Community-based residential and nonresidential programs.
9. The provisions of this section shall apply only to offenses occurring on or after August 28, 2003.

The Board of Probation and Parole Guideline Matrices showing the guideline prison time in months

Notes:

The Board of Probation and Parole introduced separate guidelines for male and female offenders with Drug and Non-Violent offenses in March 2006.

Min. is the minimum of the guideline range and Max. is the maximum of the guideline range. For offenders with a Poor risk (the highest risk) the maximum of the range is the conditional release date. For sentences under 10 years, the conditional release date is two-thirds of the sentence. For sentences from 10 to 15 years, the conditional release date is three years before sentence completion and for sentences over 15 years; the conditional release date is five years before sentence completion.

The Board of Probation and Parole's **Excellent** risk category is equivalent to the Sentencing Commission's **Good** risk category.

Notes:

The statistics on expected time served assume an equivalence between the SAC offender risk score and the Board of Probation and Parole's salient factor score. The Court's **Good** category is equivalent to the Board's **Excellent** category.

The Board of Probation and Parole introduced in FY06 separate guidelines for male and female offenders with non-violent and drug offenses. Not all offenders released in FY06 were scored on the new scale.

Appendix E

Interpreting Statutory Restrictions for the System of Recommended Sentences

This note was initially prepared for the assistance of Probation and Parole Officers when completing Sentencing Assessment Reports. The information contained in the note is incorporated into the charge code listing and, if statutory restrictions affect the recommended sentence, the override sentence is shown. The note includes only active charge codes, including those created for the 2006 legislative session.

1. General Principles

The same set of Recommended Sentences applies to all offenses within the same offense group, felony class and severity level. In some instances, however, there may be a statutory prohibition to the recommended sentence. When there is a statutory prohibition to probation or shock/treatment the recommended sentence is the minimum authorized prison sentence. Unless specifically excluded by statute, probation is allowed for all felony sentences. Unless specifically included by statute the prohibition of probation or a 559.115 program does not apply to a finding of guilt of the attempt/accessory or conspiracy of the offense. If the offense description includes the 'attempt', as in attempted forcible rape then the exclusion applies when the offender has been sentenced for the attempt, but not when sentenced as an accessory or for conspiracy. The date of commission of the offense normally determines whether statutory restrictions apply.

2. Statutory Prohibition of Probation

The first group of offenses prohibit probation because of the offense. The remaining offenses exclude probation for prior or persistent offenders. The definition of a prior and persistent offender for these prohibitions is, with the exception of Weapons offenses, the repeat conviction/finding of guilt for a similar offense. Weapons offense prohibitions use the definition in Section 558.016, RSMo, which is 'any repeat felony conviction'.

Most of the offenses that have a sentencing prohibition have a specific charge code and this makes the identification easier. However, drug offenses do not have specific charge codes and a court statement that the offender has been sentenced as a prior or persistent drug offender is necessary.

- An offender sentenced for Drug Sales/Distribution prior/persistent (32463) can be sentenced to probation unless the court/prosecutor records state that the offender is sentenced as a **persistent drug offender**. If the offender is a persistent drug offender then the minimum authorized sentence is 10 years in prison and no probation or parole for 10 years.

- Drug Trafficking 1st and 2nd when sentenced as Class A felony prohibit probation or parole only if the offender is a **prior or persistent drug offender**. The court/prosecutor records have to state that the offender is sentenced as a prior or persistent drug offender.

If the prohibition of probation is from 6 months to two years then an offender is eligible for the long term drug program provided the other program eligibility criteria are met. If the prohibition is 60 days then the offender is eligible for probation (CSS) if the 60 days are served in jail or for a Section 559.115, RSMo program.

Persistent Sex Off.: prior above sex offense, see def.		558.018		30	30
Predatory Sex Off.: prior above sex offense, see def.		558.018		15	15

The recommended sentence above is the alternative sentence when the recommended sentence is SHK/TRT. Persistent and predatory sex offenders include offenders with convictions for forcible rape, forcible sodomy, statutory rape, statutory sodomy, child molestation 1st or sexual abuse, Class B (22021). A persistent sex offender will also be ineligible because of the present sex offense. A predatory sex offender with a present offense of sexual abuse, however, would not be ineligible because of the present offense. An offender convicted of sexual abuse would be ineligible for a Section 559.115, RSMo program only if court or prosecutor records state that the offender is a predatory sex offender. The statute defining a sex predator (558.018) does not exclude probation, only parole.

4. Eligibility and Other Sentencing Conditions:

Minimum Mandatory Prison Term (MMPT)

An offender with a minimum mandatory prison term of 40%, 50%, 80% or sentenced as a dangerous felon (85%) for an offense not listed above is eligible for a Shock or Treatment program if they meet the program criteria.

Other Less Serious Offenses

An offender may be ineligible for probation or shock/treatment because of a lesser present offense. For example, an offender with convictions for Armed Criminal Action and Drug Trafficking 1st (class A) and a prior criminal history level of I, II or III would have a recommended sentence of 10 years if Drug Trafficking was taken as the most serious offense because Armed Criminal Action requires a minimum prison time of 3 years. If ACA was taken as the most serious offense then recommended sentence will be from 5 to 9 years (depending upon CH level).

Committed, Persistent or Attempt Indicator

The user has to decide whether offender has been convicted of the offense or of the attempt/accessory/conspiracy (one felony class lower) or has been sentenced as a persistent offender under 558.016 (one felony class higher).

- If the offender is sentenced as a prior or persistent drug offender or domestic assault offender or sex offender the recommended sentence is not enhanced unless the court records state that the offender has been sentenced under both prior and persistent definitions.
- If the offender has a weapons offense and has a Charge code that indicates a prior and persistent offender then the prior and persistent indicator should not be used because the sentence has already been enhanced (see first table above).
- In general, an offense that includes prior convictions (Stealing third offense) should be enhanced if the court states the offender is a prior and persistent offender.
- Sentencing should not be enhanced if the court states that the offender is only a prior offender under Section 558.016, RSMo.
- An offender convicted of the attempt when the attempt is part of the offense (Attempted Forcible Rape) should not be treated as an Attempt. However, accessory or conspiracy continue to be inchoate offenses and the sentence should be reduced by one felony class.
